

## Women in Manufacturing (WiM) Pennsylvania Chapter Meeting

Thursday, June 28 from 3:00pm-5:00pm  
LORD Corporation  
2455 Robison Road, Erie PA

Join us for the next WiM Pennsylvania Chapter meeting,  
featuring a tour and guest presenters at LORD Corporation.

LORD Corporation is a diversified technology and manufacturing company developing highly reliable adhesives, coatings, motion management devices, and sensing technologies that significantly reduce risk and improve product performance. For more than 90 years, LORD has worked in collaboration with customers to provide innovative oil and gas, aerospace, defense, automotive and industrial solutions. With world headquarters in Cary, N.C., LORD has approximately 3,100 employees in 26 countries and operates 19 manufacturing facilities and 10 R&D centers worldwide. LORD actively promotes STEM education and many other community engagement initiatives.

Hosts and presenters for the meeting include Ashley Reith, Senior Manufacturing Engineer and Jackie Masek, Production Specialist- both are actively involved with the Women in Business employee initiative at LORD's Erie facility. They will share their experiences with this advocacy, as well as other initiatives that engage the interest of students (especially girls) in STEM education and careers.
