Driving Impact for Manufacturers

Practical Lessons **on Lean and IIOT**

Are your Lean efforts bearing fruit? Are you struggling to get value from Kaizen events, Kata, etc? Could the issue be the data you're using to identify waste and measure improvements?

We will review 5 ways IIoT can be used to provide more impact to your Lean efforts. We'll also reveal some lessons learned we've had in implementing the IIoT for Lean.

Takeaways:

- 5 ways to add impact to Lean efforts with IIoT
- Multiple real-world scenarios of Lean and IIoT
- Lessons learned with IIoT to save you time and frustration

Webinar

February 18, 2021
11:00am-11:30am

Presenters:

Sara Hanks, Senior Director of Data & Analytics and CEO of Leverage4Data
Kevin Jones, Founder and CEO of Ectobox, Inc. and David Grafton, VP of Engineering and QA at Ectobox, Inc.
