

CMMC WEBINAR SCHEDULE 2021

Free Co-Sponsored Webinars

Driving Impact for Manufacturers

Thursday, April 8

10-11AM EST

Tuesday, April 20

2-3PM EST

CMMC OVERVIEW: CMMC (CYBERSECURITY MATURITY MODEL CERTIFICATION)

Scott Dawson, President of Core Business Solutions, walks you through the new CMMC requirement for companies that have contracts with the Department of Defense or those that are in the Defense Industrial Base/Supply Chain. What is CMMC? What is CUI? Does it apply to me, and if yes, at what level? A discussion will be held about steps you can take to get prepared for certification.

Thursday, May 6

2-3PM EST

Thursday, May 27

10-11AM EST

DoD ASSESSMENT & SPRS SUBMISSION

For contractors already required to comply with NIST SP 800-171, per DFARS 252.204-7012, DoD is now holding contractors accountable, instituting an assessment and reporting system to verify compliance before new contracts can be awarded. While the new requirement is for information to be provided prior to contract award, DoD encourages affected contractors to begin their self-assessments immediately. Scott Dawson, from Core Business Solutions, covers what is required to calculate the SPRS score for submission so you don't miss any DoD contract opportunities.

Thursday, June 10

2-3PM EST

Tuesday, June 22

10-11AM EST

TACKLING CMMC LEVEL 1 CERTIFICATION

CMMC Level 1 contains 17 cybersecurity practices. These represent good cyber hygiene for any business and may already be a part of your business practices whether you are CMMC compliant or not. Scott Dawson, Core Business Solutions, dives into the 17 practices and ways you can work toward compliance. A question and answer time will be held to assist you in addressing questions you may have to comply with CMMC Level 1.

Thursday, September 9

10-11AM EST

Tuesday, September 21

2-3PM EST

PLANNING FOR CMMC LEVEL 3 CERTIFICATION

CMMC Level 3 Certification applies to all organizations handling Controlled Unclassified Information (CUI) for the Department of Defense. We will share best practices on how to treat CUI, how to prepare for Level 3 Certification, which includes 130 cybersecurity practices that must be in place for you to be in compliance and be ready for certification. Scott Dawson, of Core Business Solutions, will share insights he's learned in working with customers to help prepare them. These insights will assist your organization in getting prepared for CMMC Level 3.

Tuesday, October 5

2-3PM EST

Thursday, October 21

10-11AM EST

BUDGETING FOR CMMC COSTS

Scott Dawson, Core Business Solutions, will discuss the possible operational and technical costs involved in preparing for CMMC Certification. He will discuss budgeting, upgrades to your IT systems, facilities or related technology in addition to assessment and certification costs. A discussion will be held on cost-saving options depending on the CMMC level that would apply to your company.

Thursday, November 4

10-11AM EST

Tuesday, November 16

2-3PM EST

TECHNOLOGIES TO MEET CMMC

Technologies are evolving to meet the new CMMC certification requirements, everything from in-house capabilities, to the cloud, to outsourced resources to assist your organization in complying with the CMMC requirements. Join Scott Dawson, of Core Business Solutions, as he discusses a variety of technical solutions to assist your organization.
