

# MANUFACTURING

CAREER READINESS TRAINING

An extension of your company's onboarding process – by providing employees basic career readiness, communication, problem-solving skills, and motivation. The training includes a series of (4) weekly virtual 90-minute sessions held via Zoom.

**October 4, 11, 18, 25 - 2023**

8:00am-9:30am | Zoom

## Manufacturing 101:

Review terminology and concepts commonly found in the manufacturing environment (such as lean, quality management, 8 wastes, certifications, etc.).

## Communication and Conflict:

Basic essential communications skills, dealing with conflict, and working with people who have different communication styles.

## Problem Solving and Critical Thinking:

Provides an understanding of why we think the way we do and various ways to become better problem solvers.

## Goal Setting:

Setting personal and professional goals to build a career versus showing up for a paycheck. Helping participants to find their 'why' and letting it be the driver to enjoy work and constantly improve skills.

*Sessions are live and interactive, so participant will need use of a computer with internet, video camera, and audio capabilities.*

**Instructor:** Molly Reichard, NWIRC Culture Development & Training Specialist

*Molly leads employee development training geared for manufacturing companies across 13 counties of northwest and northcentral PA and is also the coordinator and facilitator for NWIRC's Lean Together™ program.*

**Cost: \$149**

*(Early-bird discount available.)*
