with blended learning!**

ISO 9001:2015 Internal Auditor Blended Learning

Feeling anxious about spending too much time out of the plant for ISO auditor training? In this blended-learning course, participants get the value of in-person training with the convenience of online instruction and resources!

How does it work?

Upon registration, all participants will receive access (and must complete) the online **ISO 9001 Untangle Masterclass - The Requirements**. The first step in the program is to complete the requirements portion of the training to provide an understanding of all requirements of the ISO 9001 standard (prior to September 5th).

Once **The Requirements** online class is complete, participants will receive a Certificate of Completion and must finish the auditing course **IN-PERSON** in the one-day Internal Auditing Session! →

Learning Targets:

- All of the ISO 9001 requirements in simplified terms
- What a process-based system looks like
- How the requirements may appear in your organization
- How the ISO 9001 requirements "fit" together into a system
- The Key Principles of the ISO 9001 requirements
- How to identify the evidence needed to demonstrate conformity
- To apply the process approach to internal audits
- Evaluate required documented information
- Apply the principles and processes of process-based auditing
- How to prepare for performing an audit
