CLEAN ENERGY LUNCH & LEARN

Is your organization ready to access energy with reduced environmental impact, expand production and jobs supporting clean energy supply chain, reduce energy consumption, and improve efficiency?

LET'S UP YOUR GAME. LEARN ABOUT:

- PSNERGY's innovative solutions to enhance energy efficiency and reduce emissions in industrial heating processes
- PennTAP assessments and support for industrial energy efficiency, pollution prevention, and energy management (including ISO 50001)
- How to calculate energy savings payback & ROI with NWIRC's Operational Excellence Specialist
- NWIRC mini-grant opportunities to offset projects that enhance energy efficiency, reduce environmental impact, or expand into a clean energy supply chain
- **The Landing's journey to facility rehabilitation and energy efficiency, and the benefit of an indoor agricultural business in a food desert with Jack Campbell, Vice President & Secretary of Winner Companies**

You're invited!

SHARON

THURS, OCT 24
11:00 AM–1:30 PM

The Landing
469 N Sharpsville Ave, Sharon
